**FOR IMMEDIATE RELEASE**

## **QSONIX OPENS NEW CORPORATE OFFICES IN WESTLAKE VILLAGE, CA**

**New Westlake office location opened to support expansion and growth as company increases its product development, licensing and distribution channel programs.**

**Westlake Village, California. – April 1<sup>st</sup>, 2007** -- -- Qsonix, a market innovator in delivering user friendly music management products for consumers announced today that it has opened its new corporate office just outside of Los Angeles. “The strategic location provides convenient access to many consumer electronics and entertainment industry resources and potential business partners.”, commented Mike Weaver, President of Qsonix. The company consolidated its sales, marketing and engineering team under one roof as it accelerates its entry into the vast and exciting entertainment industry.

“It has already provided improved communications and overall efficiency by having the entire team working closely together ”, said Doron Ben-Zvy, COO of Qsonix. “In addition to the office space we have already committed to, there is plenty of additional space available to grow into as we fulfill our expansion strategy.”

The Westlake Village location is located right in the middle of the “101 Technology corridor” in the San Fernando/Conejo Valley and is 30 minutes from Hollywood, downtown Los Angeles or LAX airport and close to industry players such at DTS, JBL, Harman Kardon, American Recorder Technology, Theta Digital, Volutone Distributing and others.

### **About Qsonix**

Located in Westlake Village, California, Qsonix is a market innovator and leader in providing user friendly digital media technologies. With its world-class user interface, Qsonix offers the most reliable and truly friendly digital music management systems available. Qsonix products address a wide variety of lifestyles, tastes and environments. Consumers and Businesses alike can quickly and easily store, organize and playback music without the hassle.

Qsonix's involvement in the Home Entertainment market is focused on music enthusiasts that are served by the custom installers and retailers in both discrete audio and home theaters applications, as well as more complex whole house distributed audio environments.
